# S&N GRANITE

## Welcome

We are stockists of the country's largest range of hand-cut granite and with our commitment to quality and service aim to maintain our position as one of the leading suppliers in Ireland.

S&N GRANITE was founded in the mid-1990's in response to a growing demand for affordable natural stone.

With over two decades of experience, S&N GRANITE possess the knowledge and expertise to give you the home and garden that will work well for you.

Our extensive stock list includes window cills, quoins, heads, lintels, steps, wall and pier capping, solid piers, cast iron gates and railings, paving, kerbs and water features.

We offer an exceptional range of solid outdoor furniture in polished granite, or natural sandstone, which we have been selling for many years. These are immensely popular due to both practicality and appearance, designed to enhance any garden.

A visit to our showrooms is a must, where you will find an 18,000 square metre display area with limestone, granite, and sandstone paving on show.

Combine this with our friendly and expert staff who will gladly help with hands-on advice about new builds or improving your existing home or garden and you are guaranteed to be inspired.

With an unrivalled level of experience and a unique product, S&N GRANITE is the obvious choice for those looking for handcut granite and more in Ireland.

S&N GRANITE provides for both domestic and commercial projects and also for specially commissioned individual pieces.

S&N GRANITE is located one hour from Dublin on the main N11.
